Who are we?

Taffs are a family run Aylesbury taxi company based in the Centre of town. We have been trading for in excess of 20 years with a heritage in the Aylesbury taxi trade going back much further. Taffs proudly provide taxi services in the area with many of our original drivers still working with us and adding to our experiences. Over the years we have gone from strength to strength, building up a list of loyal and respected customers along the way - and during this time refreshing our older Aylesbury taxis with the latest Skodas which are factory fitted with the private hire trade in mind.

Why Taffs for Aylesbury Taxis?

This is an important question, and in a trade with such heavy competition we have to have a pretty good answer.

We have led the way with Aylesbury taxis where other companies only try to follow.

- Taffs were the first taxi company in Aylesbury to deploy a Skoda fleet (now the industry standard for the private hire trade)
- Taffs carefully scrutinise their taxi drivers - we're the only company that we know of in Aylesbury where a CV is taken in to account.
- Taffs are the only company in Aylesbury who have fitted taxi meters to their private hire vehicles ready for impending legislation.

Taffs run a fleet of clean, smart and professional taxi vehicles all serviced regularly by mechanics trained in the care of our exact taxi vehicles; all licensed by Aylesbury Vale District council, and insured fully for private hire work. We hold several prestigious executive car contracts, earned through our reputation for reliability and professionalism. Our taxi drivers all hold a full council taxi driver licence and for the most part have lived in the Aylesbury Vale for the best part of their lives.

Taffs are able to take payment for taxis in advance by all major credit or debit cards over the telephone, or in person through our central office.
